

Between the Two

The Bangles

Oh my love you say this is the end
I'll tell you it's the hardest thing
I've ever had to do my friend

But I'll go
I'll do what you say
But when I walk
I will walk away from you

And the dark place you come from
The hurt you share between the two
Run now, hide what you know to be the truth

But you know
I will walk away
I'll pretend
I don't feel something breaking
Look at yourself
It does no good to cry
It's not forever

But hey, you think that I'm so strong
You think I've got it all
Maybe you're wrong

So go
I'll do what you say
But when I walk I will walk away

Hey hey
I'll do what you say
I'll pretend
I don't feel something breaking...
