

## Single by Choice

The Bangles

Single by choice  
Never marry, never ever divorce  
Listen to the solitary voice  
Tell you I'm single by choice  
Single by choice  
Never marry, never ever divorce  
Listen to the solitary voice  
Tell you I'm single by choice  
I know what you're thinking  
She can't be complete  
'Til the right kind of man  
Come sweep her off her feet  
Well I've been there before  
Times four or times five  
With the right kind of man  
Barely made it out alive  
Single by choice  
Never marry, never ever divorce  
Listen to the solitary voice  
Tell you I'm single by choice  
Alone but not lonely  
Never marry, never ever divorce  
Listen to the solitary voice  
Tell you I'm single by choice  
I know what you're thinking  
She can't be complete  
'Til the right kind of man  
Come sweep her off her feet  
Well I've been there before  
Times four or times five  
With the right kind of man  
Got love in my day  
And I don't waste one moment  
Wishing it awya

Single by choice, single by choice

Single by choice  
Never marry, never ever divorce  
Listen to the solitary voice  
Tell you I'm single by choice

Single by choice, single by choice
