Something That You Said

The Bangles

Everything in a moment, starting where Something you said is hanging in the air Now I know my life is sweetening Changing everything

Something that you said Turned me from the inside out Running through my head Something I have dreamed about And I feel so real And it feels so right (Something you said)

Showing you every weakness and feeling strong for it I used to run from real love, now I long for it Now I know what I've been missing Since I've been listening

Something that you said Turned me from the inside out Lying in my bed Whispering your name out loud And I feel so real And it feels so right Something that you said Got through to me tonight

Never so far you can't call me back I'm never more than a single kiss away, hey

And I feel so real And it feels so right (Something you said)

Something that you said Turned me from the inside out Running through my head Something I have dreamed about And I feel so real And it feels so right

Something that you said Turned me from the inside out Lying in my bed Whispering your name out loud And I feel, and I feel And it feels so right Something that you said Turned me from the inside out Running through my head Something I have dreamed about
