

## Sweet and Tender Romance

The Bangles

Sweet and tender romance  
Look what you've done to me  
Left a mind broke in two  
For believin' in you sweet and tender romance  
Soft and gentle caress walkin' over my skin  
Till you walk out the door and I feel you no more  
Soft and gentle caress

Like a leaf on the breeze  
I fly high in the sky  
Then I fall on my knees  
When you whisper goodbye  
Soft and tender romance  
Your exception (?) afire  
Guess a girl never learns til she suffers your burns  
Soft and tender romance

Like a leaf on the breeze  
I fly high in the sky  
Then I fall on my knees  
When you whisper goodbye  
Sweet and tender romance  
Your exception (?) afire  
Guess a girl never learns til she suffers your burns  
Sweet and tender romance
