

Sweet and Tender Romance

The Bangles

Sweet and tender romance
Look what you've done to me
Left a mind broke in two
For believin' in you sweet and tender romance
Soft and gentle caress walkin' over my skin
Till you walk out the door and I feel you no more
Soft and gentle caress

Like a leaf on the breeze
I fly high in the sky
Then I fall on my knees
When you whisper goodbye
Soft and tender romance
Your exception (?) afire
Guess a girl never learns til she suffers your burns
Soft and tender romance

Like a leaf on the breeze
I fly high in the sky
Then I fall on my knees
When you whisper goodbye
Sweet and tender romance
Your exception (?) afire
Guess a girl never learns til she suffers your burns
Sweet and tender romance
Sweet and tender romance
Sweet and tender romance
