

Angelraper

Barathrum

Open wide the gates of heaven
For me to enter
I will go there to show
No mercy for angels
I will slay and mutilate and rape
Those heaven's creatures
I bring the ultimate chaos
For that crowd of white wings

Wicked lust - wicked lust
Fist blast - fist blast
Wicked lust - wicked lust
I am - I am
Angelraper

Sadistic and blasphemous and evil angelraper
I am killing, ejaculating, opening their throats
After my dark feast, I will be covered
In the holy angelblood, angelblood

Wicked lust - wicked lust
Fist blast - fist blast

Wicked lust ...
