

## Angelraper

Barathrum

Open wide the gates of heaven  
For me to enter  
I will go there to show  
No mercy for angels  
I will slay and mutilate and rape  
Those heaven's creatures  
I bring the ultimate chaos  
For that crowd of white wings

Wicked lust - wicked lust  
Fist blast - fist blast  
Wicked lust - wicked lust  
I am - I am  
Angelraper

Sadistic and blasphemous and evil angelraper  
I am killing, ejaculating, opening their throats  
After my dark feast, I will be covered  
In the holy angelblood, angelblood

Wicked lust - wicked lust  
Fist blast - fist blast

Wicked lust ...
