

## Black Goat

Barathrum

Black goat whit silver horns  
Sick and preverted smile on face  
Virgin lies naked on the altar  
Before an inverted crucifix

Goat above  
Goat below

Goat above  
Goat below

Chalice placed between her breasts  
Some of wine spilled on her body  
Wine of feast is human urine  
The preverse excitements of acts of blasphemy

Vuohi yllä  
Vuohi alla

(I see horny Lady copulating whit black goat)

I see horny Lady copulating whit black goat  
I see goat above, I see goat below  
The perverse excitement of acts of blasphemy  
The eerie art of jetblack cosmetics
