

## Saatana

## Barathrum

Leather and bullet belts  
Spikes, blades and chains  
Sinister black metallers  
It's time for feast tonight

Vomit, blood and semen  
Headbanging metal men  
Gloomy, dark and dim  
Ready for the sin

Spirit and the breath from hell  
Smoke and chants released from hades  
Tolling of the doom bell  
Christian slaves, sacrifices

The brave and the strong  
Filled with fury  
The bold and powerful  
Filled with rage

Wearing inverted crucifixes  
Wearing inverted pentagrams  
Tattooed marks of the beast  
Six hundred and sixty six

Saatana, saatana, saatana  
Headbanging for saatana  
Saatana, saatana, saatana  
Hails raising for saatana
