

Would You Sleep with the Demon?

Barathrum

Would you sleep with the demon?
Would you like to be possessed?
Would you give your hand for the seducer?
Would you sleep with the demon?

Just try to imagine
arriving shape from the dark
trespassing into your dreams
seducing you at night
Mesmerising look straight to your eyes
touch of demon wing on your skin
follow the Demon into realms of night
would you give your hand for the seducer?

Hunter in the night
looking for young prey
seducer demon
teases and seduces
Demon in the night
swallows light of day
calling the females
for lustful possession
