

## Kiss Away

Barbara Fairchild

Kiss away kiss away guess that's all that's left to say  
Please come back and kiss these tears away  
Smile again let me smile again make my life worthwhile again  
Please come back and kiss these tears away

Only you can change these sad and blue days  
Only you can make them I-love-you days  
So kiss away kiss away still there's nothing left to say  
Please come back and kiss my tears away  
Only you can change...
