

I don't wanna lose you

Barbara Haščáková

It was six 'o clock early in the morning
I was walking with you in the summer rain
If you could know the way I was feeling
And I wish you were feeling the same
Just the name on the piece of the paper
It was the only thing you left there
And I knew I can't find a girl like you
I could look for her everywhere
From the first time I met it was crystal clear
You are not like the others I have seen
You give me the power some kind of the peace
It's taking me over start dreaming about your kisses
I can't stand it so I pick up the phone
I dial your number waiting for your voice
It rings then I hear you saying Hello
And I say Hi girl I want you to know
And I, I don't wanna lose you girl
And I, I don't wanna cry no more
And I, I don't wanna lose you girl
And I, I don't wanna cry no more
The kidding with you, it was not easy
I knew that I want you but you were not sure
It's for a while I'm a lover
For a while I'm a fool
But for many problems, love is the only cure
Now I know you're the only I'm looking for
Oh girl, you mean the world to me
I promise I never let you go
'cause it's not me and you, now there is only we
I love so much to listen to your breath
When you are close to me and you're falling asleep
I love it so much when you wake up in the morning
Oh girl, I wanna hold you, I wanna keep you for the next time
For the fifty years, for the next time, simply forever
So be mine, you are reason of my life
So be mine, now or never
And I, I don't wanna lose you girl
And I, I don't wanna cry no more
And I, I don't wanna lose you girl
And I, I don't wanna cry no more
I don't wanna lose you girl
I don't wanna cry no more
No, no, no
I don't wanna lose you girl
I don't wanna, I don't wanna cry no more
And I, I don't wanna lose you girl
And I, I don't wanna cry no more
