## **Only A Lonely Heart Knows**

## **Barbara Mandrell**

Life holds no fascination Without you here with me Each hour's eternity

And friends are small consolation Talk doesn't ease the pain The hurt can't be explained

Only a lonely heart knows How the memory cuts like a knife Since you walked out of my life I'm half crazy day and night

And only a lonely heart knows How the heartache, it grows and grows Oh, how long does it take till the heartache goes? Only a lonely, only a lonely heart knows

Time is a friend and an enemy In time the hurt might end Till then the walls close in

I'm so lost, I'm numbed by your leaving me I sit alone and stare You don't know till you've been there

And only a lonely heart knows How the memory cuts like a knife Since you walked out of my life I'm half crazy day and night

And only a lonely heart knows How the heartache, it grows and grows Oh, how long does it take till the heartache goes? Only a lonely, only a lonely heart knows

Tell me how long does it take till the heartache goes? Only a lonely, only a lonely Yes, only a lonely, only a lonely heart knows
