## Till You're Gone

## **Barbara Mandrell**

How many days how many ways
Do I have to lose you till you're gone

How many nights how many lonely nights Do I have to lose you till you're gone

It happens everytime I think I'm getting over you Something 'bout somebody new gets me thinking about you

How many times how many times
Do I have to lose you till you're gone
Do I have to lose you till you're gone

I see you on the late show I hear you on the radio Darling everywhere I go your memory is there

How many times how many times
Do I have to lose you till you're gone
Do I have to lose you till you're gone
