

## Why Am I Still In Love

Barbara Mandrell

I don't recall your number  
Don't reach for you at night  
Don't ask your friends about you  
You're out of my sight, but I'm out of my mind

So why am I still in love - can you tell me  
Why I can't forget what you've forgotten  
Why am I still in love - can you tell me  
Why my heart stays in yesterday  
Oh, why am I still in love

I found a new apartment  
New friends, new lovers too  
It's not that I've been lonely  
But nothing's changed my love for you
