

# Wish You Were Here

Barbara Mandrell

I took a vacation down by the ocean  
But it's no fun with a heart that's broken  
Ooh, baby, I wish you were here

I see lovers walking on the beach at sunset  
I turned to you, I guess I'm just in the habit  
Ooh, baby, I wish you were here

I wish you were here, I gotta be honest  
It's no fun alone drinking Piña Coladas  
I wish you were here but you're with another  
It's gonna be a long, lonely summer

If I knew where you were  
I'd send you a postcard  
Having a blue time, I'm so lonely so far  
Ooh, baby, I wish you were here

If I knew where you were  
I'd send you a postcard  
Having a blue time, I'm so lonely so far  
Ooh, baby, I wish you were here

I put on my gown, I turn all the lights out  
Pull back the covers, I'm going to bed now  
Ooh, baby, I wish you were here  
Ooh, baby, I wish you were here  
Ooh, baby, I sure wish you were here
