

# Fuck The World

Barbatos

While I went away  
All the fighter plane  
I can't understand  
Changed this world  
I was left  
Behind rising sun  
I don't need  
Any advice

I'm immortal  
Complete fighter  
Fuck the world  
Let's fucking die

My fighter plane  
And technique  
Rising sun  
Expects every man  
Highway to hell  
Enemy plane  
Because it's my mission
