

One Shot! One Kill!

Barbatos

Pull the fucking trigger
Don't hesitate, you are a man
Let the gunshot sound
It looks so sweet

One shot-Kill the man that hurts you
One kill-Kill the man blames you
One shot-Kill the man that uses you
One kill-Kill all the assholes around here!

Poisoning humanity
With iron and blasphemy
Poisoning existence
With no fate nor hope

Pull the fucking trigger!
Fight foe your life!
