

# One Shot! One Kill!

Barbatos

Pull the fucking trigger  
Don't hesitate, you are a man  
Let the gunshot sound  
It looks so sweet

One shot-Kill the man that hurts you  
One kill-Kill the man blames you  
One shot-Kill the man that uses you  
One kill-Kill all the assholes around here!

Poisoning humanity  
With iron and blasphemy  
Poisoning existence  
With no fate nor hope

Pull the fucking trigger!  
Fight foe your life!
