

Beautiful

Barcelona

See that girl there on the stage
She makes the air electric
Such pretty hair such a perfect face
The world thinks that she's fantastic
Don't get excited
Don't get too full of yourself
We only like you cause you're beautiful
Not because of any thing else
See that boy on the stage
He makes the air electric
Such pretty hair such perfect face
The world thinks that he's fantastic
Don't get excited

Don't get too full of yourself
We only like you because you're beautiful
Not because of anything else
Don't get excited
Don't get too full of yourself
We only like you because you're beautiful
Not because of anything else
We only like you because you're beautiful
Not because of anything else
And what will you do when the moment has passed you by
And you're left with everything else
Everything else
Everything else
