Mocking Bird

Barclay James Harvest

Rain, sea, surf, sand, clouds and sky Hush, now baby don't you cry

There's a mocking bird Singing songs in the trees There's a mocking bird Singing songs just for you and me

Rain, sea, surf, sand clouds and sky Time will see your tears run dry

There's a mocking bird Singing songs in the trees There's a mocking bird Singing songs just for you and me

There's a mocking bird Singing songs in the trees There's a mocking bird Singing songs just for you and me

Rain, sea, surf, sand, clouds and sun Bless the tears of love, now gone

There's a mocking bird Singing songs in the trees There's a mocking bird singing songs Singing just for you and me
