

## Once More

Barclay James Harvest

With these arms I'll hold you  
Let my love enfold you  
Please don't cry  
Night and day forever  
Rain, sea, surf, sand, clouds then sun will shine  
Born in the spirit of love  
You took flight  
Soaring so high and so free  
No-one can stop you  
You'll always be heard  
Our hearts know the truth

In pools of blue I found you  
Let my love surround you  
Gave you life  
From that day forever  
Rain, sea, surf, sand, clouds then sun will shine

Born in the spirit of love  
You took flight  
Soaring so high and so free  
No-one can stop you  
You'll always be heard  
Our hearts know the truth

Born in the spirit of love  
You took flight  
Soaring so high and so free  
No-one can stop you  
You'll always be heard  
They'll never kill the mockingbird  
She'll fly free
