

# Welcome To The Show

Barclay James Harvest

We can't all be right  
We can't all be wrong  
It's a long journey  
We travel on  
Gypsies of the night  
Riders of the storm  
Though it's heartbreaking  
We must go on

Wrong place  
Wrong face  
Somewhere on the road  
Keep playing  
And saying  
Welcome to the show

Those who laugh the first  
Must cry later they say  
As the stage curtain  
Brings on the girls  
And they surely do well  
For the politicians who sell them  
On TV today  
Makes me uncertain  
Of who runs the world

Wrong place  
Wrong face  
Somewhere on the road  
Keep playing  
And saying  
Welcome to the show

My friends, all the trends that have gone  
Are as one in the minds of today  
With their eyes open they can't see the signs  
And the moment belongs to the video songs  
Leading nowhere at all  
And the fools talking, the blind lead the blind

Wrong place  
Wrong face  
Somewhere on the road  
Keep playing  
And saying  
Welcome to the show

We started something  
Now we can't get away from it all
