

# The Barcode

## Barcode

Do take another, you're thirsty, to loosen you up  
Go drown what's left of your brain  
Don't talk that itchy bitchy jive, don't try to stop  
Just go completely insane

Do not ignore the code at the bar, wherever you are  
THE BARCODE  
You will stay put, stay right where you are, you will obey!  
THE BARCODE  
Don't underestimate the brew, slide into  
THE BARCODE  
You're not alone, we're right at the spot, we are  
BARCODE

We say  
CRASH THE GATE  
Join the party come cruise away  
You are invited to beerzerk today
