

You Got Me Feeling

Bardot

Running, can't see the light
Yearning, for love tonight
A moment, is all I need
Don't you try and take it from me

Cause I know that you and I were meant to be
Don't you know that we should be in love and free
It just don't seem right won't you explain to me
The reasons why you cannot feel the same way when you look at me

You got me feelin'
Something I cannot hide
A love I can't deny, tell me why
You got me feelin'
Don't wanna let it go,
Can't stop this feelin'

I'm taken by what you do
My heart years, for me and you
Captured, by your charm
But you keep taking it from me

Cause I know that you and I were meant to be
Don't you know that we should be in love and free
It just don't seem right won't you explain it to me
The reasons why you cannot feel the same way when you look at me

You got me feelin'
Something I cannot hide
A love I can't deny, tell me why
You got me feelin'
Don't wanna let it go,
Can't stop this feelin'
