

## Break Your Heart

Barenaked Ladies

The bravest thing I've ever done  
Was to run away and hide  
But not this time, not this time  
And the weakest thing I've ever done  
Was to stay right by your side  
Just like this time, and every time  
I couldn't tell you I was happy when you were gone  
So I lied and said that I missed you when we were apart  
I couldn't tell you, so I had to lead you on  
But I didn't mean to break your heart

And if I always seem distracted  
Like my minds somewhere else  
That's because it's true, yes it's true  
it's this stupid pride that makes me feel  
Like I have to follow through  
Even half-assedly, loving you  
Why must I always speak in terms of cowardice?  
When I guess I should have just come out and told you right from the start  
Why must I always tell you all I want is this?  
I guess 'cause I didn't want to break your heart

And you said  
What'd you think that I was gonna do,  
Curl up and die just because of you?  
I'm not that weak, you know  
What'd you think that I was gonna do,  
Try to make you love me as much as I love you?  
How could you be so low?  
You arrogant man,  
What do you think that I am?  
My heart will be fine  
Just stop wasting my time

And now I'm over you, I'll be OK,  
and that I've got what I want,  
and that's rid of you  
Bye  
And it's not 'cause I'll be missing you  
That makes me fall apart  
It's just that I didn't mean to break  
No I didn't mean to break  
No I didn't mean to break  
Your heart
