

# Celebrity

## Barenaked Ladies

Don't call me a zero  
I'm gonna be a hero  
Like Phil Esposito or the Kennedys

I'll be incorporated  
And I'll be imitated  
And overrated, but that doesn't bother me

All the jaws will drop  
And all the girls will scream  
And there will be commotion when I show up on the scene

All that you will see is a celebrity (2x)

When I'm riding in my limo  
I won't look out the window  
Might make me homesick for humanity

There's nowhere that I can't go  
And there's nobody I don't know  
And there's an emptiness that's eating me

All the clocks will stop  
And all the jeans will cream  
It has always been my one and only dream

All that's left of me is my celebrity (2x)

Leave your heart  
Lay down your art  
You're here for the party  
Smile and wave  
Try to behave  
Be happy that they've made you a celebrity

I could disappear into the great unknown  
And it would wear my face as if it were its own

And all that you will see is a celebrity  
All that's left of me is my celebrity  
I will get in first and I will get in free  
All that's left of me is my celebrity
