

## Get Back Up

## Barenaked Ladies

I'm a little bit worse for wear  
Got a little bit more grey hair  
I'm not gonna be the next big thing  
But I'm getting fitted for a new brass ring  
I've been dunked, I've been kicked around  
Now I'm ready for the big rebound  
I know you can't win them all  
But I'm swingin' like Pitt gettin' hits in Moneyball

Get back, get back up  
You gotta get back, get back up  
You got a whole stadium on their feet  
It's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up

Not everything is sink or swim  
You can't fly if the air's too thin  
The best part of the ride is the free fall  
Better keep your arms and legs in the vehicle  
Standing eight and I'm on the ropes  
Knees givin' but I won't lose hope  
Not the second coming of Muhammad Ali  
But can I get a "WOOT" for the boxing imagery?

Get back, get back up  
You gotta get back, get back up  
You got a whole stadium on their feet  
It's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up

Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back

Get back, get back up  
You gotta get back, get back up  
You got a whole stadium on their feet  
It's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up  
Everybody's up on their feet  
It's not about a victory or a defeat  
See you gotta get back, get back up  
You gotta get back, get back up

Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back  
Gotta get back, gotta get back
