

Here Come The Geese

Barenaked Ladies

Look up in the sky
They said on the radio station
They're up quite high
Flying in a V formation

Here come the geese
Here come the geese

Now they're on the lawns
The patios and ponds
On the sidewalks
On the rooftops

On the hillside
On the playground slide
In the shadows
The parking lots, the meadows

The fences and ledges
Benches and hedges
In the schoolyard
On the boulevard

In the high school halls
In the shopping malls
Watch under your feet
They said on the radio station

Here come the geese
Flying in a V formation
Here come the geese
Flying in a V formation

Here come the geese
Flying in a V formation
Here come the geese
(Here come the geese)
Flying in a V formation

Here come the geese
(Here come the geese)
Flying in a V formation
Here come the geese
(Here come the geese)
Flying in a V formation

Here come the geese
(Here come the geese)
Flying in a V formation
Here come the geese
(Here come the geese)
Flying in a V formation

Flying in a V formation
Flying in a V formation
Flying in a V formation
Flying in a V formation

Flying in a V formation
