

## I Have Learned

## Barenaked Ladies

No, don't know everything  
There's known unknowns  
Too long just wondering  
Lazybones

Spare me the parlor tricks  
That impress your fans  
Waving your candlesticks  
In your burned hands

I have learned to live with livin' with  
Every choice we made  
But I would love to live with giving this  
Shaky voice some shade

I don't think you're comfortable  
Until you're not  
When things get wonderful  
You get hot

Can you forgive me for  
What I had to do?  
I'd use a metaphor  
But I'm done with you

I have learned to live with livin' with  
Every choice we made  
But I would love to live with giving this  
Shaky voice some shade

Same sun  
Same fun  
Whole new world

I have learned to live with livin' with  
Every choice we made  
But I would love to live with giving this  
Shaky voice some shade

I have learned to live with livin' with  
Every choice we made  
But I would love to live with giving this  
Shaky voice some shade
