I Have Learned

Barenaked Ladies

No, don't know everything There's known unknowns Too long just wondering Lazybones

Spare me the parlor tricks That impress your fans Waving your candlesticks In your burned hands

I have learned to live with livin' with Every choice we made But I would love to live with giving this Shaky voice some shade

I don't think you're comfortable Until you're not When things get wonderful You get hot

Can you forgive me for
What I had to do?
I'd use a metaphor
But I'm done with you

I have learned to live with livin' with Every choice we made But I would love to live with giving this Shaky voice some shade

Same sun Same fun Whole new world

I have learned to live with livin' with Every choice we made But I would love to live with giving this Shaky voice some shade

I have learned to live with livin' with Every choice we made But I would love to live with giving this Shaky voice some shade
