You know the passcode to my heart
You push the buttons that make it start, beating (beating)
When ever we are far apart
You send a message that makes me so happy, happy

Happy, just to be alive
With you on my side, hey

You are the love of my life

You turn the key that makes me drive
You make me feel alive inside, thank you, yea thank you
Cause you know the passcode to my heart
You push the buttons that make it start beating, beating

Beating, like a carnival drum
Like the midday sun, hey

You are the love of my life

As the days go by (as the days go by)

But when you're around they all dissolve, dissolve, dissolve, dissolve,
lve, dissolve, dissolve, dissolve

Happy, just to be alive
With you on my side, hey

You are the love of my life

You know the passcode to my heart
You push the buttons that make it start, beating, beating, beating...
