

# Quality

## Barenaked Ladies

Just show me the venue  
When I'm the menu  
It's personalized  
The life of the party  
I'm like Billy Barty  
But regular-sized  
I guess I should explain  
Your guests will go insane  
For me

'Cause I'm serving up quality  
It can't be beat  
If you're not down  
Vote with your feet  
My quality, biology  
Enhanced with high technology

Over in England  
Everything bent  
But I'm satisfied  
I hung with the stars there  
You know they drive cars there  
On the other side  
They barely noticed me  
You said you'd go with me  
Always

'Cause I'm serving up quality  
It can't be beat  
If you're not down  
Vote with your feet  
My quality, biology  
Inspired some Greek mythology

It's all true (cross my heart and hope to die)  
I swear to you (stick a needle in your eye)  
And if you've been misled  
May some lightning strike me dead

Back Japan, they  
Did not understand, they  
Sent me back here  
But look at them now, they're  
Rubbing my cow, there  
And feeding it beer  
I may go back someday  
They'll have a huge buffet  
For me

'Cause I'm serving up quality  
It can't be beat  
If you're not down  
Vote with your feet  
My quality, mirology  
Is studied in theology

It's quality

It can't be beat  
If you're not down  
Vote with your feet  
My quality, biology  
Enhanced with high technology
