

## Snowman

## Barenaked Ladies

Made of snow, I don't know  
How I fit in  
To and fro, people go  
I stand and grin  
Way to go, even though  
I can't begin  
Made of snow, I don't know  
How I fit in

Ever cold, love untold  
I don't belong  
Have and hold, so untold  
I think they're wrong  
Heart of gold, grownin' old  
Just like the song  
Ever cold, love untold  
I don't belong

Button eyes, lullabys,  
I melt away  
Criticized, compromised  
White turns to grey  
I'm paralyzed, otherwise  
I'd leave today  
Button eyes, lullabys,  
I melt away

Made of snow, I don't know  
How I fit in  
Ever cold, love untold  
I don't fit in  
Button eyes, lullabys,  
I don't fit in  
Made of snow, I don't know  
How I fit in
