

## What A Letdown

### Barenaked Ladies

Even if I let this settle, it'll lead to a little fight  
Even when I get to meddlin' I need to remain polite  
I could cut across this field but it hits pretty close to home  
Maybe if I jiggle it a little it'll open up on its own

Oh well, what a let down  
Oh well, what a let down

Never has a stranger had a better taste of another town  
Just time for a cowboy breakfast, that's a leak and a look around  
Looks like the land of plenty, there will be plenty there to do  
That might've been funny at 20, but I just turned 32

Oh well, what a let down  
Oh well, what a let down  
Oh well, what a let down  
Oh well, what a let down

Let down your guard  
Moving forward  
Finally four words  
What a let down  
What a let down

Even if I let this settle, it'll lead to a little fight  
Even when I get to meddlin' I need to remember to remain polite  
I could cut across this field but it hits pretty close to home  
Maybe if I jiggle it a little it'll open up on its own

Oh well, what a let down  
Oh well, what a let down  
Oh well, what a let down  
Oh well, what a let down

What a let down  
Oh well, what a let down  
Oh well, what a let down  
What a let down
