

## Wishing

## Barenaked Ladies

I wish I could speak with my dog  
I wish I could speak with my dog  
I wish I could speak with my dog  
Cause right now it's just a monologue

I wish I could walk on a cloud  
I wish I could walk on a cloud  
I wish I could walk on a cloud  
I sure wish could walkin' was aloud

I wish every wish would come true  
I wish every wish would come true  
I wish every wish would come true  
Cause it sure feels good when they do
