

# I've Been Away So Long

Bargain Music

I've been away so long  
Wonder where I went wrong  
I spent my last year in a cell  
Never gonna go away again  
I've been so sad and lonely  
Never ever gonna go away again

It's a waste of time doing time  
When you didn't commit the crime  
It wasn't me it was my brother Bill  
Emptied out the till never gonna speak to Bill again  
He'd been too cold and phony  
Never gonna speak to brother Bill again

It was no use they put my brother on the jury  
He brought the others cause he owns the local brewery  
They let me out today  
Brother Bill's gonna pay  
No one's ever gonna speak to Bill, again  
Never gonna speak to Bill again  
He'd been too cold and phony  
Never ever gonna go away again  
Never gonna go away again  
Never gonna go away again
