

Not Coming Home To You

Bargain Music

I knew all about your love for dancing
And I knew about your rage in your past baby
But I didn't know that you'd say I love you
And then six months later you run away from me
It took me so, so long
Now things are finally going good for me
After two years look who calls
Now that I'm sitting in the lap of luxury, yay

I just thought you should know
That you'll be waiting till forever
It's gonna rain and rain and rain
Still I won't be coming home to you
I just thought you should know
That you'll be waiting till forever
It's gonna rain and rain and rain
Still I won't be coming home to you

I know that you still got all my clothes
And I don't even care who's wearing them honey
Cause I got my confidence back
And I still got the buddy
Ain't it funny how much I'm over you
I know the past is past
And the future is my own consideration
Still I got this one age old question
Did you change your mind or did you just change your medication

I just thought you should know
That you'll be waiting till forever
It's gonna rain and rain and rain
Still I won't be coming home to you
I just thought you should know
That you'll be waiting till forever
It's gonna rain and rain and rain
Still I won't be coming home to you

I heard that you'll only go out with underground rappers
You kicked it with Slug and his whole crew
So now I can almost swear that I'll never ever get back with you
Anyway the past is past
There comes a time in a relationship when you gotta realize that it's truly over
And that time is now
I know we haven't talked in like 2 years
What, oh ya ya we're playing with Shapeshifters next week
Ya I know he will
No really I do
Oh you called to get on a guest list
Plus one

I just thought you should know
That you'll be waiting till forever
It's gonna rain and rain and rain
Still I won't be coming home to you
I just thought you should know
That you'll be waiting till forever

It's gonna rain and rain and rain
Still I won't be coming home to you
