

Warrior

Barnabas

Spiritual warriors in life
Battles with sword in hand
I will fight the good fight in life
Conquering I'll make my stand
And overcome the ties that day by day the world hides
Knowing that I've found a place upon the solid ground

I'll always be a warrior

When I started to carry the warrior's sword
Evils came my way
Even though I would see defeat sometimes
I would never let it lead me astray
And I began to see the way true life could be
The opportunity to reach a perfect destiny

I'll always be a warrior
