War, Wisdom and Rhyme

Only an angel can feed On ashes and ovaries Blame the pagans and saints

They are one

War, wisdom and rhyme The peach and the rattlesnake

We are grave We are graves We will die

Maybe the saw grass did feel Burnt confederate steel Spoil't milk on the grave

We were wrong

War, wisdom and rhyme The catfish and bayonet

We are grave We are graves We will die

Grave fire War, wisdom and rhyme **Baroness**
