

The Ritual Of Dawn

Barren Earth

Wash her
Kiss her
Feel my
Thunder
She's gone
Like my wrath
She's gone
You scream
Watch me
Kneeling
Touch her
She's here
Heat fire
She's here
Summoning me
Blessing our grief
My love
Lie down
Praying
Worship
Dying
My life
Bleeding
My life
Sleeping
Weeping
Hear my
Silence
She's gone
Fire
She's gone

Hold the candles and slay the sky
Take her home
Sanctify
Curse the darkness to make it right
Watch the dawn, closing her eyes
See it shine
See me rise
Like the sun
Breeding life
Make her sleep
In my heart
There she waits
Fire
And I feel the rays
Closing in on me
And her spirit stays
Fire
