## **Be Strong**

## **Barrington Levy**

Oh....na..na... I tried my best - never to stop love you To be there for you, oh You make my life so miserable Jealousy and problems, coming to our lifes

We've been together for so long And we've been through so much

Try to do right But everything I do, seems to go wrong If I didn't love you baby I'll be long gone I need you now, I need you to be strong Be strong, be strong, be strong

Oh....na..na...

Everytime I go out, she always accuse me Smelling me and telling me, who's perfume is that Why don't you trust me, you know I'm always faithfull I'm only looking at the girl, but babs I don't touch

We've been together for so long And we've been through so much

Try to do right But everything I do, seems to go wrong If I didn't love you baby I'll be long gone I need you now, I need you to be strong Be strong, be strong, be strong

Oh....na..na...

We've been together for so long And we've been through so much

Try to do right But everthing I do, seems to go wrong If I didn't love you baby I'll be long gone I need you now, I need you to be strong Be strong, be strong, be strong

Oh....na..na... Be strong, be strong, be strong...
