Black Roses in my Garden, black, black roses, in my garden.

To keep and care it, you got to water it,
To keep and care it, you got to water it,
I've been travelin' all over this world,
I've never seen no other Black rose in no other garden,
so you see my garden is so special.

Black, black roses in my garden x4
To keep and care it you got to water it,
Got to keep the earth so cool,
Cause something special in my garden.
