

Looking To Love Somebody

Barry Adamson

i'm looking to love somebody
i don't mean to anybody
i'm looking to love somebody right now
he's on the trees are falling
the devil in me is callin
i'm looking to love somebody right now

so when you see me
the all broken down
your beat disgusting starting rumor
will be forgotten
when i kutch you down to size my eyes

the end of the day has started
reason to me just party
looking to love somebody right now
now the wheels are turning
you're going to the fire is burning
i'm looking to love somebody right now

so when you see me

you'd be disgusted starting rumor
to be forgotten when i cut you down
to size my sad beautiful eyes

i'm looking to love somebody
i don't mean to anybody
i'm looking to love somebody right now
he's on the trees are falling
the devil in me is callin
i'm looking to love somebody right now
