

Fine Line

Barry Gibb

Now I like the way you move
Anyway that you make it work
And you offer something new
And the doorway is open for me

Now a man needs a woman
And I know that for me is true
And life, we got too much reality
There's gotta be other things to do

Me electrify you
Simply mystify you
Very strange but nice

Now somebody wrong
And somebody right
And somebody knows
it's neither one thing or the other

It's a fine line
between taking and giving
It's a fine line

It's fine line
between dancing and making love
It's a fine line

I can see the possibility
Anyway that you wanna be
We all got secret emotions
Anytime after the midnight hour

Now love, don't get short on the action
Anyway you got the energy
My heart is a part of the plans you made
You're the star of my sexual fantasy

Me electrify you
Simply mystify you
Hope you stay all night

I'll have you for dinner
or breakfast in bed

Either way I get you
for the worse or for the better

It's a fine line
between taking and giving
It's a fine line

It's a fine line
between dancing and making love
It's a fine line

Oh oh

It's wild, it's weird, it's what we think about
This ain't no strip, club, shame on you 'cause
you know somebody that got a bead on what you need
Don't sacrifice your love
You analyze, don't minimize
what only you can rise above

Now, I know that, don't you think
I know you're watching me
You got no claim to make
Well, that's no excuse
And know the truth
You got brain drain, long as there's a game to play
Sad, but there's only one fool to blame

It's a fine line, fine line

You don't think my love should tie you down
I say love can turn your groove around
Watch me please you
Watch me play your game
Someday love will make your water flow

It's a fine line, fine line
