

# Bolero de Amor

Barry Manilow

There are times  
You live as if in a dream  
Drawn by your heart to a distant door  
One that opens  
For a moment  
To a world that you've never known before

Were you real  
Or were you part of a dream  
Calling to me from across the floor?  
In your sweet voice  
There was music  
And we danced the bolero de amor

Let the drums carry us away!  
They say all there is to say  
And all too soon the night becomes the day  
And magical - miracle

You are real  
And we are living a dream  
Sharing a love we have hungered for  
Let your passion soar like music  
In the spell of bolero de amor

The drums carried us away  
They said all there was to say  
And all too soon the night became day  
And magical-miracle

There are times  
You live as if in a dream  
Drawn by your heart to a distant door  
Trust your heart and  
Take the moment  
When you hear  
Your bolero de amor  
Amor  
Amor!
