

## Carol of the Bells / The Bells of Christmas

Barry Manilow

The bells of Christmas  
Are ringing in the night  
The children string their lights upon the tree  
The bells of Christmas  
They sing to me tonight  
Bring back thoughts of you and me

Central Park  
Sliding round in the snow  
And then after dark  
Filling the fires burning glow  
The bells of Christmas  
They ring of what could be  
For the bells of Christmas  
They ring for you and me

Sunday walks watching ships in the bay  
Midnight talks we soul  
We never let love slip away  
The bells of Christmas  
They ring of what could be  
For the bells of Christmas  
The bells of Christmas  
The bells of Christmas  
They ring for you and me
