Everybody Loves Somebody

Barry Manilow

Everybody loves somebody sometime Everybody falls in love somehow Something in your kiss just told me That sometime is now

Everybody finds somebody someplace There's no telling where love may appear Something in my heart keeps saying My someplace is here

If I had it in my power
I'd arrange for every girl to have your charms
Then every minute, every hour
Everybody would find what I found in your arms

Everybody loves somebody sometime And though my dreams were overdue Your love made it all worth waiting For someone like you

If I had it in my power
I'd arrange for every girl to have your charms
Then every minute, every hour
Everybody would find what I found in your arms

Everybody loves somebody sometime And though my dreams were overdue Your love made it all worth waiting For someone like you
