Heart of Steel

Barry Manilow

I used to be such a soft touch I gave too much Love always came down losing Well the news is I'm not for using You can't break this heart of steel You won't see me down on my knees again You can't break this heart of steel Lovin' you gave me a heart of steel

Knock on my door if you want to Some night I might not want you You taught me all the devices Now my prices are the highest

You can't break this heart of steel You won't see me down on my knees again You can't break this heart of steel Lovin' you gave me a heart of steel You could have had me for all time Now the pleasure I'm having is all mine You can't break this heart of steel

You won't see me down on my knees again You can't break this heart of steel Lovin' you gave me a heart of steel You can't break this heart of steel

You won't see me down on my knees again You can't break this heart of steel Lovin' you gave me a heart of steel You can't break this heart of steel You won't see me down on my knees ag ain You can't break this heart of steel Lovin' you gave me a heart of steel
