

This Is My Town

Barry Manilow

This is my town
This fabulous city
This inspirational town

This is my town
Where gritty is pretty
This just sensational town

New York -
All that I dreamed I'd be
Everything I call 'me'
Really is N-Y-C

This is my town
This talented city
This big, tall
Towering town

This is my town
Where waiters are witty
This great empowering town

The skyline may be
Unmistakable
And the spirit
Is unbreakable
This is New York -
This is my town

Don't mess with me and my town

New York -
You've always seen me through
No other place but you
Knows me the way you do

This is my town
This fast-talkin' city
This loud but lyrical town

This is my town
This fast-walkin' city
This man-made miracle town

Here eyes are the brightest
And the cleverest
Here's the summit
This is everest!

This is the place
This was my start
This is my home
And this is my heart
This is New York -
This is my... town!
